

Methodology of PHC Grading:

Grading of PHCs is based on infrastructure & MIS Monthly data elements. The grades assigned to PHCs are 0/5, 1/5, 2/5/, 3/5, 4/5 and 5/5. In case a facility does not fulfill the mandatory criteria it would not be eligible for grading and would be categorized as Not Eligible (NE)".

The PHCs would be classified as Urban and Rural. There would be two categories.

1. Rural- PHCs

a. Mandatory Criteria (PHC has to satisfy all two mandatory criteria to be eligible for grading)

Source: HMIS Infrastructure format

Data Element	Data Element number	Expected data
Medical Officer	2.1	Greater than 0
Nurse-Midwife (Staff Nurse)	2.3	Greater than 1

b. Infrastructure related Data Elements (Assignment of 3 grades out of 5)

Source: HMIS Infrastructure format

Category	Data Element	Data Element number	Expected data	Criteria
Infrastructure & Service Availability	Referral Services	1.2.c	Yes	PHC satisfying 3 out of 4 criteria will get 1 grade
	Standby facility (Generator) available in working condition	5.23.b	Yes	
	Separate Public utilities for Males & Females	5.6	Yes	
	OPD rooms / cubicles	5.8	Yes	
Essential Laboratory Services	Routine urine, stool and blood tests	4.1	Yes	PHC satisfying 6 out of 9 criteria will get 1 grade
	Blood grouping	4.2	Yes	
	Bleeding time, clotting time	4.3	Yes	
	Diagnosis of RTI/STDs with wet mounting, grams stain, etc.	4.4	Yes	
	Sputum testing for TB	4.5	Yes	
	Blood smear examination for malaria parasite	4.6	Yes	

Category	Data Element	Data Element number	Expected data	Criteria
	Rapid tests for pregnancy	4.7	Yes	
	RPR test for Syphills / YAWS surveillance	4.8	Yes	
	Rapid tests for HIV	4.9	Yes	
Drugs & Supplies	Whether one month supply of essential drugs available?	9	Yes	PHC satisfying all 3 criteria will get 1 grade
	Whether one month supply of essential vaccines available?	10	Yes	
	Whether one month supply of essential contraceptives available?	11	Yes	

c. Service related Data Elements (Assignment of 2 grades out of 5)

Source: HMIS service delivery (monthly) format

Category	Data Element	Data Element number	Criteria
Performance Indicators	Number of Interval IUCD Insertions + Number of Postpartum + Number of Post Abortion IUCD insertions	8.3+8.4+8.5	PHC getting 9 to 12 points will get 1 grade and 13 to 16 points will get 2 grade
	Measles+ MR 1 st Dose	9.2.1+ 9.2.2	
	IPD	14.3.1.a+ 14.3.1.b+ 14.3.2.a+ 14.3.2.b	
	OPD attendance (All)	14.2.1+ 14.2.2	

Note: Value of Service related Data Elements to be calculated by dividing no. of months for defining the points

Criteria for assigning points based on MIS data

In case the facility lies in a **Non-Hilly district**, then following values would be considered :

	Number of new IUCD insertions at facility	Measles / MR 1 st Dose	IPD	OPD attendance (All)	Points assigned on fulfilling condition for any indicator
Range	>=1 and <4	>=1 and <4	>=1 and <26	>=1 and <501	1 point

	Number of new IUCD insertions at facility	Measles / MR 1st Dose	IPD	OPD attendance (All)	Points assigned on fulfilling condition for any indicator
	>= 4 and <7	>=4 and <7	>=26 and <51	>=501 and <1001	2 points
	>=7 and <10	>=7 and <10	>=51 and <101	>=1001 and <1501	3 points
	>=10	>=10	>=101	>=1501	4 points
Total	(1 to 4)	(1 to 4)	(1 to 4)	(1 to 4)	(4 to 16)

In case the facility lies in a **Hilly district**, then following values with 30% relaxation would be considered:

	Number of new IUCD insertions at facility	Measles + MR 1st Dose	IPD	OPD attendance (All)	Points assigned on fulfilling condition for any indicator
	>=1 and <3	>=1 and <3	>=1 and <14	>=1 and <351	1 point
	>=3 and <6	>=3 and <5	>=14 and <36	>=351 and <701	2 points
	>=6 and <8	>=5 and <7	>=36 and <71	>=701 and <1051	3 points
	>=8	>=7	>=71	>=1051	4 points
Total	(1 to 4)	(1 to 4)	(1 to 4)	(1 to 4)	(4 to 16)

2. PHCs - Urban

- a. **Mandatory Criteria** (PHC has to satisfy both mandatory criteria to be eligible for grading)

Source: HMIS Infrastructure format

Data Element	Data Element number	Expected data
Medical Officer	2.1	Greater than 0
Nurse-Midwife (Staff Nurse)	2.3	Greater than 0

- b. **Infrastructure related Data Elements (Assignment of 3 grades out of 5)**

Source: HMIS Infrastructure format

Category	Data Element	Data Element number	Expected data	Criteria
Infrastructure & Service Availability	Referral Services	1.2.c	Yes	PHC satisfying 3 out of 4 criteria will get 1 grade
	Stand by facility (Generator) available in working condition	5.23.b	Yes	
	Separate Public utilities for Males & Females	5.6	Yes	
	OPD rooms / cubicles	5.8	Yes	
Essential Laboratory Services	Routine urine, stool and blood tests	4.1	Yes	PHC satisfying 6 out of 9 criteria will get 1 grade
	Blood grouping	4.2	Yes	
	Bleeding time, clotting time	4.3	Yes	
	Diagnosis of RTI/STDs with wet mounting, grams stain, etc.	4.4	Yes	
	Sputum testing for TB	4.5	Yes	
	Blood smear examination for malaria parasite	4.6	Yes	
	Rapid tests for pregnancy	4.7	Yes	
	RPR test for Syphills / YAWS surveillance	4.8	Yes	
	Rapid tests for HIV	4.9	Yes	
Drugs & Supplies	Whether one month supply of essential drugs available?	9	Yes	PHC satisfying all 3 criteria will get 1 grade
	Whether one month supply of essential vaccines available?	10	Yes	
	Whether one month supply of essential contraceptives available?	11	Yes	

c. Service related Data Elements (Assignment of 2 grades out of 5)

Source: HMIS service delivery (monthly) format

Category	Data Element	Data Element number	Criteria
Performance Indicators	TT2 + TT Booster	1.2.2 + 1.2.3	PHC getting 12 to 16
	Measles+ MR 1 st Dose	9.2.1+ 9.2.2
